

Brompton Adjustable Bed

Luxury adjustable bed with high quality Reflex mattress and removable washable cover.

This bed is the one of our more popular beds, and with it comes all the comfort, looks and style, as well as the added accessory of an optional drawer at the end of the bed (at additional expense). This would suit anyone that needs that extra little storage space.

With a price tag like this, you will not get a better buy for this quality of bed. In fact, you can pay much more for an inferior flat bed!

The model shown has a beautiful Port surround and has castors so it can be easily moved.

Bed height Breakdown

Standard size for the Brompton is 23 inches from the floor to the top of the mattress.

- Beds without drawers can be made to any height (restrictions apply)
- Beds with drawers have higher minimum height

Purchasing any Sprung Mattress (Pocket or Superior) may increase the overall bed height.

If your bed is ordered with a Vertical Lift, 1 inch is added to the total height of the bed.

Drawers add 2 inches to the minimum height. You cannot have drawers with a Vertical lift unless you have a dual bed, in which a 5ft or 6ft will support 2 side drawers or an end drawer.

A Heavy Duty Frame will also add 1 inch to the total height.

To make sure the height of your bed is correct when ordering, please measure your own first. We are able to alter your bed to a height of your choice, and all for an extra €75!

Altering the length means altering the mattress, mattress cover, mechanism and surround
